The Empower Survey was completed at the time of the inspection.

Findings Report Summary

<b>Findings for:</b> Citation 1 <b>Corrected Date:</b> 01/25/2019	<b>Rule/Statute:</b> article 3 <b>Rule Text:</b> R9-5-304. Enrollment of Children B. Except as required in A.R.S. § 36-3009, before an enrolled child receives child care services, a licensee shall require the enrolled child 's parent to complete a Department-provided Emergency, Information, and Immunization Record card that is signed by the enrolled child 's parent containing: 1. The child 's name, home address, city, state, zip code, home telephone number, sex, and date of birth; 2. The date of the child ' s enrollment; 3. The name, home address, city, state, zip code, and contact telephone number of each parent of the child; 4. The name and contact telephone number of at least two individuals authorized by the child 's parent to collect the child from the facility in case of emergency, or if the child 's parent cannot be contacted; 5. The name and contact telephone number of the child 's health care provider; 6. The written authorization for emergency medical care of the enrolled child when the parent cannot be contacted at the time of the emergency; 7. The name of the individual to be contacted in case of injury or sudden illness of the child; 8. The written instructions of a child 's parent or health care provider for nutritional and dietary needs of the child including, if applicable, the request in R9-5-509(C)(9); and 9. A written record completed by the child 's parent or health care provider noting the child ' s susceptibility to illness, physical conditions of which a staff member should be aware, and any individual requirements for health maintenance.	<b>Survey Text:</b> <b>R9-5-304.B.1-9.~</b> Based on the facility documentation, three of the fifteen Emergency, Information, and Immunization Record cards reviewed lacked the following: * Child #1 - lacked the father's information. * Child #2 - lacked the health care provider's phone number. * Child #3 - lacked the father's information.
<b>Findings for:</b> Citation 2 <b>Corrected Date:</b> 01/25/2019	<b>Rule/Statute:</b> article 5 <b>Rule Text:</b> R9-5-503. Standards for Diaper Changing A. A licensee shall ensure that each diaper changing area required in R9-5-601(4) contains: 2. A hand-washing sink next to the diaper changing surface for staff use when changing diapers and for washing an enrolled child during or after diapering that provides: a. Running water between 86° F and 110° F, b. Soap from a dispenser, and c. Single-use paper hand towels from a dispenser;	<b>Survey Text:</b> <b>R9-5-503.A.2.a-c.~</b> Based on the Surveyor's observation, the water in the diaper changing sink in the Plum's room measured at 70° F.
